STORM WATER DISCHARGES FROM  
MUNICIPAL SEPARATE STORM SEWER SYSTEMS  
ORDER NO. R5-2002-0206, NPDES PERMIT NO. CAS082597  
SACRAMENTO COUNTY**

The Municipal Separate Storm Sewer System (MS4) permit for the cities of Sacramento, Citrus Heights, Elk Grove, Folsom, Galt, Rancho Cordova and the County of Sacramento (permittees) requires the development of a Pesticide Plan. In compliance with the MS4 permit, the permittees submitted a Pesticide Plan for Water Board approval. The Pesticide Plan addresses pesticide impairment of urban streams and proposes Best Management Practices to reduce pesticide pollutant discharges in the permittees' stormwater to the Maximum Extent Practicable. Prior to consideration by the Water Board, the Pesticide Plan will be available for a 30-day public review period beginning the date of this public notice. Comments and recommendations regarding the permittees' Pesticide Plan must be submitted by **29 March 2006**. The Water Board may consider comments or recommendations and decide whether to approve the Pesticide Plan in a public meeting. Consideration of the permittees' Pesticide Plan is tentatively scheduled for the 4 and 5 May 2006, Water Board Meeting.

In order to conserve paper, Water Board staff will make the Pesticide Plan available via the Water Board's website ([http://www.waterboards.ca.gov/centralvalley/public\\_notices/index.html](http://www.waterboards.ca.gov/centralvalley/public_notices/index.html)) Anyone without access to the internet should promptly contact Christine Sotelo to make other arrangements for review.

If you have any questions or comments, please call Christine Sotelo at 916.464.4663 or e-mail her at [csotelo@waterboards.ca.gov](mailto:csotelo@waterboards.ca.gov)
